

# The Environment is the Winner – Belmont Business Environmental Awards

The Belmont Business Environmental Awards are just one of the ways the City acknowledges the great leadership and innovation that local businesses show in the areas of sustainability and environmental performance. Now in its third year, the City of Belmont was pleased to announce the 2010 winners at a ceremony recently held at the City of Belmont Civic Centre.

There were four award categories with the winner of each category receiving a certificate and \$1,000 cash to reinvest in future environment initiatives.

## Water Management

### **Motor Trade Association of Western Australia.**

In 1999 the Motor Trade Association of WA, in collaboration with the Department of Environment and Conservation, developed the Green Stamp program which is designed to assist small businesses reduce water usage and promote water recycling.

The Program provides a framework for businesses to engage in world best practice measures and encourage vehicle owners to utilise the services of those businesses.

Since the launch of the project, hundreds

Motorcycles Plus Pty Ltd and Skipper Trucks International / Mitsubishi / Iveco have both successfully achieved Green Stamp accreditations in the City of Belmont.

For more information about the Green Stamp Program, contact Zama Hossain, Environmental Consultant on 9453 7951 or zhossain@mtawa.com.au

The Motor Trade Association is located at 35 Great Eastern Highway, Rivervale.

## Energy Conservation/Emission Reduction

### **Landfill Gas and Power (Electricity Generator).**

Landfill Gas and Power is a Western Australian energy provider specialising in extracting methane from landfill sites across the Perth metropolitan area and turning it into a renewable source of electricity.

Landfill Gas and Power contributes up to 10 mega watts of renewable electricity to consumers across the South-West Interconnected System and is a reputable technology leader in the generation of useable energy from landfill gas.

Landfill Gas and Power are located at 78-80 Robinson Avenue, Belmont. For more

## Recycling/Waste Reduction

### **KONE Elevators.**

KONE Elevators conduct elevator service, repair and installation and its employees are committed to recycling and waste management measures.

Measures that have been implemented include:

- Recycling of timber, reducing timber sent to landfill by 90-105m<sup>3</sup> over the past 12 months
- Collection of batteries for recycle or correct disposal
- Separation of recyclable and general waste
- Collection of waste steel by contractors.

In addition, KONE Elevators has implemented measures to reduce energy use and prevent spills of oils/grease.

Kone Elevators is located at 33 Abernethy Road, Belmont. For further information please call 9270 9000 or refer to [www.kone.com](http://www.kone.com)
